GENERAL INSTRUCTIONS

Package, Label, and Mark according to the Shipping Summary Table (attached).

All shipping containers must be in good condition and tightly closed.

Container gross weight should be 450 pounds or less whenever possible.

Complete a Uniform Hazardous Waste Manifest for shipments of regulated waste.All regulated waste must be inspected by Transportation Logistics (376-7627)

Obtain radiological release or exemption within 24 hours before transport.

Arrange for transport at least one week ahead of time.

SEE WHC-CM-5-16 AND WHC-CM-2-14 FOR DETAILS OF PACKAGING AND SHIPPING

The designations included in this HWDAR have been performed based upon information provided by the generator. Should there be a difference in the waste listed on the WSDR and actual waste content the generator will be responsible to notify Acceptance Services.

PACKAGING: package according to 49 CFR 173.203

QUANTITY: may change with each shipment

WASTE NUMBERS: WC01 (EHW)

SHIP TO: 616 Building

CELL: Any

ROUTINE DISPOSAL ARRANGEMENTS:

When a routinely generated waste is ready for shipment, contact a Solid Waste Acceptance Services (SWAS) representative. The SWAS representative will assign a Uniform Hazardous Waste Manifest number.

When contacting SWAS, please state that this is a routinely generated waste, and provide the following information:

- * Routine Disposal Analysis Reference No: X098
- * Specific waste type
- * Number, size and type of container
- * Total quantity of waste
- * Accumulation date for waste
